## Summary

Multi-disciplinary Front-End Web Developer with professional certification in Full Stack Web Development. Experienced in developing a web application using JavaScript, CSS, MySQL, and MERN stack. A responsible, self-motivated team player.

## Technical Skills

**Languages:** HTML/CSS, Javascript, JQuery

**Libraries / Tools:** Bootstrap, Node, Express, React, MySQL, and MongoDB.

**Other:** Heroku, Git.

## Technical Projects

Group Project: The Gif'd Of Food | <https://carolinayo.github.io/the-gifd-of-food/> | <https://github.com/CarolinaYo/the-gifd-of-food.git>

recipe search application that allows users to select and display details of the selected recipe with fun Gifs that match its recipe keyword alongside for a lighthearted laugh. Users can save, and retrieve selected recipes.

- Collaborated with a team of 4 focusing on JavaScript coding.
- Created project wireframe with Balsamiq
- Completed projects remotely using Zoom and Slack.
- Managed work progress through GitHub Kanban board.
- Technologies used: HTML5, UI kit CSS framework, JQuery, and local storage.

The Weather Dashboard | <https://carolinayo.github.io/weather-dashboard-cy/> | <https://github.com/CarolinaYo/weather-dashboard-cy.git>

The Weather Dashboard allows users to retrieve current and 5-day forecast weather data from a selected city.

- Individual project: Developed the web application from conception to deployment.
- Retrieved data from a third-party API: OpenWeather API.
- Utilized local storage approach to persist data.
- Technologies used: HTML5, CSS, Bootstrap, JavaScript with JQuery Library.

Google Book Search | <https://book-search-mern.herokuapp.com/> | <https://github.com/CarolinaYo/google-book-search.git>

This application allows users to perform a book search, persist selected book, view, and delete the selection.

- Individual project: Developed the web application from conception to deployment
- Retrieves data from Google Books API.
- Deployed live application through HEROKU server with MongoDB Atlas cloud database service.
- Technologies used: MongoDB, Express, React, and Node (MERN) stack.

## Work Experience

**Preschool Lead Teacher | Newport Children School | Bellevue, WA**

**September 2019 – July 2020**

Effectively managed a classroom of 12 children in a limited shared space and consistently met licensing student ratio requirements that allowed the center to fully maximize its capacity.

- Promoted to Lead Teacher position within one month of hire as a float with proven knowledge and skills.

**Pre-K teacher | Kids Connection Preschool | Foster City, CA**

**November 2017 – June 2019**

Lead children age group 2 to 5 years old in addition to being a primary Pre-K teacher with the responsibility of formulating monthly lesson plans, performing assessments, and maintaining continuous communications with parents/caregivers.

- Number 1 on the list of substitute teachers - consistently demonstrating adaptability, & flexibility in the classroom.

**Senior Clerk class 1406 | SFO Business and Finance | San Mateo, CA** **February 2017 – August 2017**

Provided support to all Finance staff handling documents for signatory; logging routed items; processing reimbursements and vacation requests; updating Capital Finance team calendar.

- Direct support to the Capital Finance Director; recognized for exhibiting extreme attention to detail and ability to prioritize and multitask, maintaining meeting arrangements, agendas, and correspondence.

**Part-Time Administrative Assistant | Precision Plastics, LLC. | Union City, CA** **April 2016 – February 2017**

Processes of Sales, Purchase Orders, Accounts Receivable, and Accounts Payable using QuickBooks™ Premier with minimal training.

- Handled one-week transition and worked with minimal supervision as owner's representative handling customer inquiries resulting in 100% customer satisfaction.

**Manager for Administrative Department | U.D. Trimurti | Denpasar, Bali** **September 2013 – May 2015**

Lead the department to fully implement and operate a new MYOB™ East Asia accounting system that handles Point of Sales, Inventory, Purchase Orders, Invoices, and Financial records.

- Able to reduce redundant record-keeping saving time and allowing for deadlines to be met on a consistent basis.

**Preschool Lead Teacher | Hearts and Hands Preschool | Fremont, CA** **April 2012 – May 2013**

Demonstrated self-motivation and teamwork as the primary teacher to a 12 three-year-old full-day group that helps the classroom's enrollment to full capacity as the new center faced challenges in hiring assistance.

- Recognized by the congregation as excelling new teacher of the year.
